

COVID-19 TRAVEL ADVISORY

Introduction

Proflight Zambia suspended all flights for the month April 2020 and is still operating a reduced flight schedule. A summary of the affected flights is listed below under Schedule. This has not been an easy period as with the global pandemic upon us, the reduction in demand has been significant. We have taken necessary steps in the interests of both the safety of our employees and passengers, and the survival of the airline. We are here to support you at this difficult time.

Positive Covid Test

Valid on any Proflight flight - If you receive a positive lab result within ten days of your flight on Proflight, we will waive the potential upward fare difference for ticket reissue to a later date. The only payment due at the time you are ready to rebook will be the Firecracker Change fee if applicable. To apply for this, the passenger or travel agent must contact Proflight Reservations to cancel your seat prior to flight departure and must send us the passenger's positive laboratory test result at the same time.
